PROFESSIONAL SUMMARY

Engineering student with a good foundation in backend development using Java (Spring Boot). Built full-stack projects with database support. Interested in solving complex problems and exploring creative ideas in tech.

TECHNICAL SKILLS

- **Programming Languages:** Java (Spring Boot, Swing), Python, C, C++.
- **Web Technologies:** HTML, CSS, JavaScript
- **Database & Tools:** MySQL, IntelliJ
- **Concepts:** Object-Oriented Programming (OOPS), DBMS

INTERNSHIP

Walmart Advanced Software Engineering Virtual Internship - Forage July 2025 – Aug 2025

1. Completed tasks in data structures, software architecture, entity-relationship diagram design, and data munging.
2. Built Java, Python and SQL projects simulating real workplace challenges

EDUCATION

- | | |
|---|-------------|
| 1. Easwari Engineering College – CGPA 8.77 | 2022 – 2026 |
| 2. Maharishi Vidya Mandir – 12th Grade: 88% | 2021 – 2022 |
| 3. Maharishi Vidya Mandir – 10th Grade: 89.4% | 2019 – 2020 |

PROJECTS

1. **Application Form (Java Spring Boot, React)**
 - Built a full-stack CRUD web application with REST-API including real-time user interaction and data persistence.
 - Ensured responsive frontend integration with backend APIs for seamless form submissions and validations.
2. **Stampede Prevention (Python, Machine Learning)**
 - Developed an AI-powered fall detection and stampede prevention using YOLO, ESP32, OpenCV.
 - GSM alerts for hospitals, elderly homes, public places.
3. **WaterMan Analysis (Java Swing, SQL)**
 - Developed a desktop billing application with automated invoice generation and customer record management.
 - Integrated email notifications and SQL-based order tracking for efficient billing operations.
4. **Movie Review (Java Swing, SQL)**
 - Built a review platform with personalized recommendations based on user ratings.
 - Enabled review storage, retrieval, and user feedback using a structured SQL database.

ACHIEVEMENTS

- 5-star in Java ; 4-star in SQL – **Hackerrank**
- 2nd place in coding competition at **Sri Sai Ram Engineering College** and **SRM Science & Humanities**
- **LeetCode** – 100 Days Badge (2024, 2025), 50 Days Badge (2024, 2025)

CERTIFICATIONS

- Java Programming for beginners – **Udemy**
- Java DSA & Algorithms - **Udemy**
- Oracle OCI AI foundations - **Oracle**
